APR - JUN 2025

Shri Brijesh Dixit welcomed Hon'ble Minister for Heavy Industries & Steel, GoI

As we have completed the first quarter of the new financial year, I extend my best wishes for the continued success and growth of REIL.

With its pan India presence in growth sectors, the Company has the potential of exceeding its targets and contributing to national development. However this shall only be possible with self-belief, team effort and unwavering commitment to our goals, qualities which team REIL possesses aplenty.

While we have a healthy order book, we have also secured significant new orders during the quarter, especially in Renewable Energy and IT/ITeS.

The Company's 44th Foundation Day and the International Yoga Day were celebrated with enthusiasm by the employees and their family members.

I sincerely thank all our stakeholders - customers, vendors, employees, and shareholders - for their continued support and guidance.

Gist of the Activities:

- BIS Certification REIL's EWS
- Business Highlights
- Participations & Awards
- Staff Activities

Shri Brijesh Dixit,
MD REIL made a
courtesy call to the
Hon'ble Minister for
Heavy Industries &
Steel, GoI on
22.05.2025

On 22nd May 2025, Shri Brijesh Dixit, Managing Director, REIL, paid a courtesy visit to the Hon'ble Union Minister for Heavy Industries & Steel, Government of India.

During the meeting, the Hon'ble Minister expressed his desire to see REIL do well and achieve greater heights while assuring complete support of the Ministry.

The Company is in the process of chalking out it's future growth strategy through product diversification, competitiveness, reliance on on-line transparent systems, fostering synergies/tie-ups, customer centric approach, focus on research & development, training, quality, strengthening systems, etc.

REIL Secures BIS Class I Accuracy Certification for In-House Electronic Weighing Scales, Unlocking New Market Opportunities

Ms. Vishakha Jain receiving BIS certificate in her role as Dy. Manager (QA)

The Company has successfully obtained BIS certification under the Class I accuracy category for REIL manufactured Electronic Weighing Scales (EWS) for Dairy sector. The certification would ensure accurate and reliable weighing, supporting fair trade, correct billing, and customers' trust.

Of late, some of the customers were requiring BIS certification for EWS, hence the Company had to procure these from external BIS certified parties. With the BIS certification for in-house manufactured EWS, the manufacturing activity and hence the turnover of the Company would increase, as these could find a market in the other sectors as well besides the Dairy sector.

Business Highlights

Dairy Electronics

During the quarter, the Company has secured significant orders in the Dairy Sector for AMCU, EMT, RMRD, Milk Analyzer, Somatic Cell Counter & EMAT Advance from various milk cooperatives across the country.

REIL is strengthening relationship with milk producers by deploying its Automatic Milk Collection System (AMCU). This system delivers a range of benefits, including operations, faster minimized human errors, precise data management, and transparent payment mechanisms. These features not only boost productivity and profitability but also enable multitasking and make the entire milk procurement process more efficient and organized.

During the quarter, the Company has received purchase orders of 69 AMCUs from Eastern, Northern, Western & Southern Regions.

Apart from this, regular orders for 136 Electronic Milk Testers, 257 Milk Analyzers, 3 Somatic Cell Counters and an Advanced Electronic Milk Adulteration Tester were also received from various customers across the country.

Customer's Training Program

Ensuring that our systems deliver maximum output necessitates consistent user training. This quarter, training initiatives reached 572 regional workers and milk society secretaries across more than 300 villages.

Information Technology

To ensure fair and transparent examinations, REIL has secured an order of ₹4.72 crore from Vardhman Mahaveer Open University (VMOU), Kota, to provide security and

Automatic Milk Collection System (AMCS) at Nathpora, Bandipora, Kashmir

ancillary services for a large-scale exam involving 6 lakh candidates across 41 districts of Rajasthan. This is on account of REIL's proven track record in supporting the fair conduct of exams for institutions like the Rajasthan Staff Selection Board (RSSB).

MD REIL at VMOU Command Control Room

As part of digital transformation in the public healthcare sector, the Company has received an order from Government SMS Hospital, Jaipur, to implement a Digital Queue Management System, including provision of display screens, electrical, and networking infrastructure with 3-year warranty support.

The Company has received a Work Order from Rajasthan University of Veterinary and Animal Sciences (RAJUVAS), Bikaner, to provide Biometric Authentication using Facial Recognition for the Rajasthan Pre-Veterinary Test (RPVT) 2025, scheduled in August 2025. The service will cover approximately 13,000 candidates across four cities: Jaipur, Bikaner, Jodhpur, and Udaipur.

In addition to providing Security and Ancillary Services during Company examinations. the received orders from Rajasthan State Selection Board (RSSB) and Rajasthan University of Sciences (RUHS) to Health deliver Biometric Authentication Services for document verification of 1,905 and 3,647 candidates respectively, for various recruitment examinations conducted June 2025.

A Letter of Acceptance (LOA) has been received from Haribux Kanwatiya Hospital, Jaipur, for the provision of Laser Printer-as-a-Service. The engagement includes the deployment of 12 high-quality, business-grade laser printers ensuring efficient and costeffective printing through a managed service model.

Pursuant to the LoA received from the Rajasthan Staff Selection Board (RSSB) for providing impersonation control through IRIS/Face/Fingerprint biometric capturing, CCTV surveillance, frisking, and videography services, the Company successfully delivered these services for major examinations conducted during the quarter.

This included handling over 11,50,000 candidates across 1681 centers in multiple districts of Rajasthan, ensuring seamless, secure, and compliant execution.

The Medical Officer Direct Recruitment Examination (MODRE-2024) for Rajasthan University of Health Sciences (RUHS), Jaipur, held on 27.04.2025 was also successfully executed. Services included end-to-end examination operations- Pre-exam. Security Post-exam, and Ancillary Services for 17,190candidates across 70 centres in Jaipur. Post-examination activities as result publication, grievance management etc.

During the quarter, the IT team successfully delivered election management solutions for the State Election Commission. Rajasthan, supporting PRI and ULB by-elections in May 2025; development and support for the Directorate of Gopalan's online application serving 4,328 Gaushalas; and ATS/AMC/Help Desk services for RSCB for the Core Banking Solution covering 494 branch offices, 29 DCCBs, and Apex Bank. The IT team also consistently provided support services for various applications developed to streamline internal operations at REIL.

The installation & commissioning of on-campus cloud storage and HCI server system for the Orissa High Court, with firewalls and gigabit switches for secure, scalable infrastructure was also successfully completed by REIL during the quarter.

IT Infrastructure by REIL at Orissa High Court

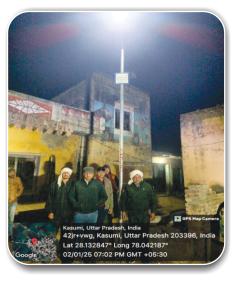

Renewable Energy

REIL has received and executed projects for various CPSEs and Departments across different states, i.e. Jaipur Zila Dugdh Utpadak Sahkari Sangh Limited (Jaipur Dairy), Power Finance Corporation Limited, PHED Rajasthan, Power Grid Energy Services Limited (PESL), NTPC Vidyut Vyapar Nigam Limited (NVVN), MECL, SEWA-THDC etc.

Orders have been received by the Company for supply, installation, and commissioning of SPV power plants totaling 1355 kWp at various PGCIL substations in the Southern and North Eastern Regions from Power Grid Energy Services Ltd.: a cumulative 1 MW (300 kWp at ITI Limited. Raebareli 700 kWp at ITI Limited, Mankapur) along with 250 kWp at HCL, Navi Mumbai from NTPC Vidyut Vyapar Nigam Limited (NVVN); and a cumulative of 425 kWp at various buildings within MECL premises, Nagpur for Mineral **Exploration Corporation Limited** (MECL).

These projects will leverage renewable energy to lower carbon emissions, advance clean energy adoption, improve energy efficiency, and support sustainable power generation across industrial, institutional, and infrastructure sectors.

Under PSU CSR initiatives, orders have been received for the supply, installation, and commissioning of a 50 kWp grid-connected rooftop SPV plant at Ashoka Mission, New Delhi for Power Finance Corporation Ltd., and 600 SPV LED Street Lighting Systems in affected villages of THDC Khurja, Bulandshahr (Uttar Pradesh) for SEWATHDC.

SPV LED SLS installed at a village in Uttar Pradesh

Following the successful completion of Phase 1 and Phase 2 Export projects for Guyana Energy Agency (GEA), REIL received a new export order for the supply and delivery of 500 SPV home energy systems for hinterland communities in the Co-operativeRepublic of Guyana.

REIL has received and executed an order from Power Finance Corporation Ltd. for the supply, installation, and commissioning of 1,500 SPV LED street lighting systems and 200 SPV LED high-mast lighting systems in East Delhi.

97 kWp Rooftop Grid Connected SPV Power Plant installed at HCM RIPA, Udaipur

During this quarter, REIL received an order from PHED Banswara for 38 solar energy-based water pumping systems in Banswara, Rajasthan. These systems will harness renewable energy to provide a reliable and sustainable water supply, reduce dependence on conventional power sources, lower operational costs, and contribute environmental to conservation while improving water accessibility for the local communities.

New Projects

To enhance planning, monitoring, and execution of watershed development initiatives. REIL signed an agreement worth approximately Rs. 7 Cr with Directorate of Watershed Development & Soil Conservation (WDSC) to provide End to End Drone based GIS and Data Analysis Solutions across the State of Rajasthan.

MoU signing between REIL and WDSC

Visit of MD REIL

MD REIL visited CSIR-CEERI

Managing Director, REIL along with AGM (R&D) and AGM (E), visited the Central Electronics Engineering Research Institute (CSIR-CEERI), Jaipur office. During the visit, Dr. P. C. Panchariya, Director of CSIR-CEERI, provided an overview of the institute's ongoing and

completed projects that leverage the latest technological advancements. The discussion also covered potential areas for collaboration and the way forward to strengthen our joint efforts.

Visit to CSIR-CEERI by MD and REIL team

MD REIL visited Dairy & Solar Plants installed in the field

Shri Brijesh Dixit, Managing Director REIL and AGM(E), visited Palu Dugdh Utpadak Sahakari Samiti of Jaipur Dairy Union and witnessed the milk collection process facilitated through REIL's Automatic Milk Collection Unit (AMCU). The dairy officials extended a warm welcome and expressed their appreciation for the innovative dairy solutions and dedicated services that REIL has been consistently providing over time. REIL officials also visited Paayas Milk Chilling Centre and Jaipur Dairy. During the visit, Shri Dixit interacted with the officials gain deeper a understanding of their evolving operational needs. He assured REIL's them continued

commitment to delivering advanced, reliable, and customized technological solutions aimed at enhancing transparency, efficiency, and ease in dairy operations. He further guided the team on leveraging REIL's expertise and technology to address operational challenges and support the long-term growth of the dairy sector.

MD REIL welcomed at Palu Dugdh Utpadak Sahakari Samiti

MD REIL and team at Paayas Milk Chilling Centre

MD REIL and AGM(RE) also visited the solar water pumping system installed at village Baseri in Jaipur and observed the benefits of REIL's solar-based water pumping system.

Green house cultivated through drip irrigation by REIL's Solar water pumping system

Participations & Awards

REIL's dairy instruments demonstartion to Hon'ble Chief Minister of Rajasthan

The Company participated and showcased REIL's dairy equipment at the Dugdh Diwas celebration held at Alwar Dairy. Hon'ble Chief Minister Shri Bhajan Lal Sharma, Member of Parliament (Alwar) Shri Bhupender Yadav, and MD, RCDF, Ms. Shruti Bhardwaj visited stall and appreciated the role of REIL equipment in promoting transparency in milk collection at the village level, ensuring fair payments to farmers in the state through digital operations.

PSU Samarpan Award 2025
